POSTER GALLERY 2006

## 2006 Annual Business Meeting & Clinical Care Conference

Westin Crown Center, Kansas City, MO  
January 12 - 13, 2006

We appreciate the wonderful response we received for poster submissions in 2005! While we welcome ALL posters, this year we would like to highlight the Fistula First Initiative and Conflict Resolution Initiatives. We will offer one complimentary registration per unit for submissions that are created to address these important Quality Improvement Projects.

### WHY Do It?

Other facilities can learn from your example! You will gain insight during the process! After the meeting, display it in your own facility! Patient care could improve because of you! The Network loves to brag about what great things you do! Your corporation, physicians, State Surveyor, etc, will be impressed! Prizes will be awarded to three lucky participants!

### How?

You can use clip art, PowerPoint, photos, graphs... whatever you want! Then, attach it to a poster board! Artistic skills are NOT necessary!
