

# 2007

## Heartland Kidney Network Goals: Clinical Performance Measures (CPM)

The Quality Agenda Sub-Committee of the Medical Review Board and the Medical Review Board of Heartland Kidney Network (HKN) established these goals for 2007.

Indicator	HKN Goal for 2007
<b><u>Adequacy of Hemodialysis</u></b>	<b>GOAL</b>
% Patients with mean sp Kt/V $\geq$ 1.2	95% All patients should be monitored monthly
% Patients with mean URR $\geq$ 65%	95%
<b><u>Adequacy of Peritoneal Dialysis</u></b>	95% All patients should be monitored at least monthly
<b><u>Vascular Access</u></b>	
% Prevalent pts with AVF	> 65%
% Incident pts with AVF	<b>All</b> incident patients should be evaluated for an AVF
% Patients with AVG & Stenosis monitoring	Encourage 100% Stenosis monitoring
% Prevalent patients with catheter	10%
% Prevalent patients with catheter $\geq$ 90 days	10%
<b><u>Anemia Management</u></b>	
% Patients with Mean Hgb > 11g/dL	85%= or > US Average
<b><u>Serum Albumin</u></b>	
% Patients with Mean serum albumin > 4.0/3.7 g/dL (BCG/BCP)	= or > US average
